BUSINESS SUMMARY:

Preasha interfaces daily with the US Marine Corps Global Combat Support System (GCSS-MC), the Department of Defense Property Accountability System (DPAS), the Stock Control System (SCS), and Wide Area Work Flow (WAWF) system. Our access and familiarity with these military / DoD systems culminates primarily in the handling of logistical data that supports the supply chain and the subsequent management thereof. Preasha personnel are highly skilled at analyzing this information and applying it such that clients can understand, improve, and refine their internal processes from one or more useful angles.

CAPABILITIES:

- Operational Logistics Analysis
- Cost-To-Capability Analysis
- Readiness Driver Analysis
- Supply Chain Management
- Data Analytics
- Warehouse Management

EXPERTISE:

Preasha has direct experience supporting post-production operations of multi-organization complex supply chain environments. We specialize in support methods within distribution manufacturing disciplines using Oracle Supply Chain, Financials, and CRM modules.

ABOUT:

Marcus Preasha began an eight-year enlistment with the U.S. Marine Corps in 1999 and continued serving his country after leaving the Marine Corps by going to Iraq as a private contractor.

Marcus is now the owner of Preasha LLC a small business that provides technology-enhanced logistics solutions to the Marine Corps and other organizations in the defense industry.
